

# VIEW Literature and Resources

January, 2009

This bibliography surveys the current literature on VIEW: An Assessment of Problem-Solving Style. It is divided into five main sections: books, manuals, and monographs; published articles and chapters; published reviews; dissertations and theses; and, conference papers and presentations.

We welcome additions to this bibliography from all VIEW Users. Please send complete bibliographic citations (and, if possible, a copy of the complete article, paper, or presentation) to Dr. Ed Selby (ecselby@earthlink.net).
